## Aviation Manager

A person with aviation management responsibilities for an aviation program at the unit, state, regional, or national level serves as the focal point for aviation services and management. These include such positions as Unit Aviation Officer (UAO), Forest Aviation Officer (FAO), Unit Aviation Manager (UAM), state, regional, and national aviation program managers, and helicopter and fixed-wing operations specialists.

A-100 - Basic Aviation Safety	One Time Requirement
A-103 - Temporary Flight Restrictions & Advisory Notices to Airmen (NOTAMs)	One Time Requirement

**Every 36 Months**

# IAT Training Plans

---

## BSEE Line Manager

Those who are responsible and accountable for using aviation resources to support bureau programs. Knowledge required includes familiarization with the DOI aviation management program, policies, and related requirements and responsibilities. Line Managers must complete the M-2 Aviation Management Line Managers Briefing or complete the M-3 Aviation Management for Supervisors course ever 3 years (per OPM-04).

A-302 - Personal Responsibility & Liability	One Time Requirement
M-2 - Aviation Management Line Managers Briefing	<b>Every 36 Months</b>

# IAT Training Plans

---

## BSEE Routine Offshore Travelers

Department of Interior (DOI) policy for aviation training is found in OPM 04. OPM 04 requires specific training for personnel engaged in aviation operations. These requirements are amplified in the IAT Users Guide and are dependent on the individual's aviation job function.

BSEE personnel will comply with all requirements established by DOI policy for the position(s) they hold. An individual may fit into more than one category (i.e. be a supervisor as well as a passenger) and must meet the IAT requirements for each category.
